

DISASTER SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM

What is DSNAP?

- DSNAP provides eligible households - who do not currently receive SNAP benefits - with help buying groceries due to lost income or damages following a disaster.

Will I receive DSNAP benefits if I already receive regular SNAP benefits?

- If you already receive SNAP benefits and live in a parish or ZIP code where DSNAP is activated, you may automatically have supplemental SNAP benefits added to your EBT cards. *You DO NOT need to pre-register or apply for DSNAP. Please do not visit a DSNAP location!*

How can I pre-register for DSNAP?

- Residents can pre-register online at www.dcf.la.gov/preregister or by phone at 1-888-LAHELP-U (888-524-3578).

Should I pre-register for DSNAP?

- If you were impacted by the storm and haven't registered already, we encourage you to do so. It will reduce the time you have to spend at a DSNAP site.
- If you have pre-registered for DSNAP at any time or already received DSNAP, you DO NOT need to pre-register again. When you visit a DSNAP site to complete your application, the caseworker will be able to update your previous information.

What do I need to provide to receive DSNAP benefits?

- Name, Social Security Number and Date of Birth for each household member
- Current address and parish of household
- Monthly income for each household member
- All liquid assets for each household member (cash on hand, checking, savings)

Where can I find information about DSNAP locations?

- All DSNAP updates will be posted online at <http://www.dcf.la.gov/> and on the DCFS Facebook page.

Please visit www.dcf.la.gov for the most accurate DSNAP information.
