(Formally Child Residential Class A)

June 1, 2018 changes are noted in yellow highlight.

§7101. Purpose

A. It is the intent of the legislature to protect the health, safety, and well-being of the children and residents of the state who are in out-of-home care on a regular or consistent basis. Toward that end, it is the purpose of chapter 14 of title 46 of the *Louisiana Revised Statutes* to establish statewide minimum standards for the safety and well-being of children and residents, to ensure maintenance of these standards, and to regulate conditions in these facilities through a program of licensing. It shall be the policy of the state to ensure protection of all individuals under care by specialized providers and to encourage and assist in the improvement of programs. It is the further intent of the legislature that the freedom of religion of all citizens shall be inviolate.

§7103. Authority

A. Legislative Provisions

1. The state of Louisiana, Department of Children and Family Services, is charged with the responsibility of developing and publishing standards for the licensing of residential homes.

a. The licensing authority of the Department of Children and Family Services is established by R.S. 46:1401 et seq. and R.S. 46:51 which mandate the licensing of all residential homes. A residential home is any place, facility, or home operated by any institution, society, agency, corporation, person or persons, or any other group to provide full-time care, 24 hours per day, for more than four children, who may remain at the facility in accordance with R.S. 46:1403.1, who are not related to the operators and, except as provided in this Subparagraph, whose parents or guardians are not residents of the same facility, with or without transfer of custody. However, a child of a person who is a resident of a residential home may reside with that parent at the same facility. The age requirement may be exceeded as stipulated in R.S. 46:1403.1 which states that, "...notwithstanding any other provision of law to the contrary, including but not limited to R.S. 46:1403(1), a child housed at a residential home may stay at such home for a period not to exceed six months beyond his eighteenth birthday to complete any educational course that he began at such facility, including but not limited to a general education development (GED) course, and any other program offered by the residential home". In addition, the R.S. 46:1403.1(B) further stipulates that, "Notwithstanding Subsection A of this Section and any other provision of law to the contrary, including but not limited to R.S. 46:1403(1), a child housed at a residential home that does not receive Title IV-E funding pursuant to 42 USC 670 et seq., may remain at such home until his twenty-first birthday to complete any educational course that he began at such facility, including but not limited to a General Education Development course, and any other program offered by the residential home."

B. Penalties. As mandated by R.S. 46:1421, whoever operates as a specialized provider as defined in R.S. 46:1403, without a valid license issued by the department shall be fined not less than \$1,000 for each day of such offense.

C. Waiver Request

1. The secretary of the department, in specific instances, may waive compliance with a standard, as long as the health, safety, and well-being of the staff and/or the health, safety, rights, or well-being of residents or children of residents are not imperiled. Standards shall be waived only when the secretary determines that the economic impact is sufficient to make compliance impractical.

2. Application for a waiver shall be made in writing and shall include:

a. a statement of the provisions for which a waiver is being requested; and
b. an explanation of the reasons why the provisions cannot be met and why a waiver is being requested.

3. The request for a waiver will be answered in writing and approvals will be maintained on file by the requesting provider and the department. A waiver is issued at the discretion of the secretary and continues in effect at her pleasure. It may be revoked by the secretary at any time, either upon violation of any condition attached to it at issuance, upon failure of any of the statutory prerequisites to issuance of a waiver (i.e., the cost of compliance is no longer so great as to be impractical or the health or safety of any staff or any child of a resident or resident is imperiled), or upon her determination that continuance of a waiver is no longer in the best interest of the department.

This certified copy shall be kept on file at the facility. Prior to the one-year expiration of the certified criminal background check, a new fingerprint-based satisfactory criminal background check shall be obtained from Louisiana State Police. Any current owner of a residential home is prohibited from owning, operating, participating in the governance of or working in a residential home, if they have a justified (valid) finding of child abuse and/or neglect against them. If information is known or received by DCFS, that the individual's name is recorded on the state central registry (SCR) as a perpetrator for a justified (valid) finding of abuse and/or neglect of a child/youth/resident, the individual shall have a determination by the Risk Evaluation Panel or a ruling by the Division of Administrative Law that the individual does not pose a risk to children/youth/residents in order to continue to operate a residential home.

The owner must request a risk evaluation assessment in accordance with LAC 67:I.305 within 10 calendar days from completion of the state central registry disclosure form or the license shall be revoked. Immediately upon the knowledge that a justified (valid) finding has been issued by DCFS, the owner, at any and all times when he/she is in the presence of a child of a resident/youth/resident, shall be directly supervised by a paid staff (employee) of the residential home. The employee responsible for supervising the owner must have on file a completed state central registry disclosure form indicating that the employee's name does not appear on the state central registry with a justified (valid) finding of abuse and/or neglect. Under no circumstances may the owner with the justified finding be left alone and unsupervised with a child of a resident/youth/resident pending the disposition of the Risk Evaluation Panel or the Division of Administrative Law determination that the owner does not pose a risk to any child of a resident/youth/resident in care. An owner supervised by an employee who does not have a satisfactory disclosure form on file as provided in this Subsection shall be deemed to be alone and unsupervised.

ii. If the Risk Evaluation Panel determines that the owner does pose a risk to children/youth/residents and the individual does not appeal the determination within the required timeframe, the owner may close the business or the license shall be revoked.

iii. If the Risk Evaluation Panel determines that the owner poses a risk to children/youth/residents and the individual appeals the determination to the Division of Administrative Law within the required timeframe, the owner shall continue to be under direct supervision when in the presence of a child/youth/resident. Supervision must continue until receipt of a ruling from the Division of Administrative Law that the owner does not pose a risk to children/youth/residents.

iv. If the Division of Administrative Law (DAL) upholds the Risk Evaluation Panel's determination that the individual poses a risk to children/youth/residents, the owner may voluntarily close the business or the license shall be revoked.

b. Prospective owners shall complete, sign, and date the state central registry disclosure form and submit the disclosure form at the time of application to the DCFS Licensing Section. SCR 1 forms shall be dated no earlier than 30 days of the application being received by the Licensing Section. If a prospective

owner discloses that his or her name is currently recorded as a perpetrator on the state central registry, the application shall be denied unless the owner requests a risk evaluation assessment on the state central registry risk evaluation request form (SCR 2) within the required timeframe. DCFS will resume the licensure process when the owner provides the written determination by the Risk Evaluation Panel or the Division of Administrative Law that they do not pose a risk to children/youth/residents.

i. If the Risk Evaluation Panel determines that the prospective owner poses a risk to children/youth/residents and the individual does not appeal the determination within the required timeframe, the prospective owner shall withdraw the application in writing immediately or the application shall be denied.

ii. If the Risk Evaluation Panel determines that the prospective owner poses a risk to children/youth/residents and the individual appeals the determination to the Division of Administrative Law within the required timeframe, the department shall not proceed with the licensure process until a ruling is made by the Division of Administrative Law that the owner does not pose a risk to children/youth/residents.

iii. If the Division of Administrative Law upholds the Risk Evaluation Panel determination that the individual poses a risk to children/youth/residents, the prospective owner shall withdraw the application in writing within 10 business days of the mailing of the DAL decision or the application shall be denied.

c. Any information received or knowledge acquired that a current or prospective owner, volunteer, employee, prospective volunteer, or prospective employee has falsified a state central registry disclosure form stating that they are not currently recorded as a perpetrator with a justified (valid) determination of abuse or neglect shall be reported in writing to Licensing Section management staff as soon as possible, but no later than the close of business on the next business day.

d. The CAP shall include a description of how the deficiency will be corrected, the date by which correction(s) shall be completed, and outline the steps the provider plans to take in order to prevent further deficiencies from being cited in these areas, and the plan to maintain compliance with the licensing standards. Once a decision has been reached, provider will be informed in writing of the decision and the reason for the decision. If the deficiency or information within the deficiency was cited in error or the cited

deficiency is revised by the DCFS Licensing Section staff, provider will receive a revised "statement of deficiencies" with the decision letter. If any enforcement action was imposed solely because of a deficiency or finding that has been deleted through the licensing deficiency review process, the action will be rescinded.

B. The option of imposing other sanctions does not impair the right of DCFS to revoke and/or not renew a provider's license to operate if it determines that the violation poses an imminent threat to the health, safety, rights, or welfare of a resident or child of a resident. Only when the department finds that the violation does not pose an imminent threat to the health, safety, rights, or welfare of a resident or child of a resident will the department consider sanctions in lieu of revocation or non-renewal; however, the absence of such an imminent threat does not preclude the possibility of revocation or non-renewal in addition to sanctions, including fines.

C. In determining whether multiple violations of one of the above categories has occurred, both for purposes of this Section and for purposes of establishing a history of non-compliance, all such violations cited during any 24-month period shall be counted, even if one or more of the violations occurred prior to the adoption of the current set of standards. If one or more of the violations occurred prior to adoption of the current set of standards, a violation is deemed to have been repeated if the standard previously violated is substantially similar to the present rule.

D.1. For the first violation of one of the aforementioned categories, if the department does not revoke or not renew the license, the department may issue a formal warning letter noting the department's intent to take administrative action if further violations of the same category occur.

2. The warning letter shall include a directed corrective action plan (CAP) which shall outline the necessary action and timeframe for such action that a provider shall take in order to maintain compliance with the licensing standards. The provider shall acknowledge receipt of the warning letter by submitting a written response to the CAP within 10 calendar days of receipt of the letter. Failure by the provider to submit requested information and/or failure to implement the CAP as evidenced by a repeated violation of the same category of the standards may result in either the assessment of a civil fine, revocation/non-renewal of license, or both.

E. For the second violation of one of the same aforementioned categories within a 24-month period, provider will be assessed a civil fine of up to \$250 per day for a violation in each of the aforementioned categories (if same category cited twice) and fined for each day the provider was determined to be out of compliance with one of the aforementioned categories according to the following schedule of fines.

1. The base fine level for all violations shall be \$200 per day. From the base fine level, factor in any applicable upward or downward adjustments, even if the adjustment causes the total to exceed \$250. If the total fine after all upward and downward adjustments exceeds \$250, reduce the fine for the violation to \$250 as prescribed by law.

a. If the violation resulted in death or serious physical or emotional harm to a resident or child of a resident, or placed the resident or child of a resident at risk of death or serious physical or emotional harm, increase the fine by \$50.

b. If the provider had a previous license revoked for the same critical violation cited, increase the fine by \$25.

c. If the critical violation was cited and occurred despite the objective good faith best efforts of licensee to comply, decrease the fine by \$25.

d. If the cited critical violation was for a certified criminal background checks not being renewed upon expiration as required, decrease the fine by \$25.

e. If the cited critical violation was for criminal background checks not being completed prior to hire, increase the fine by \$25.

f. If the cited critical violation was for state central registry disclosure forms not being completed annually as required, decrease the fine by \$25.

g. If the cited critical violation was for state central registry disclosure forms not being completed prior to hire, increase the fine by \$25.

h. If the provider exceeds staffing ratios by more than one resident, increase the fine by \$25.

i. If the provider failed to meet staffing ratios related to children of residents, increase the fine by \$25.

j. If the provider self-reported the incident which caused the critical violation to be cited, decrease the fine by \$25.

k. If the provider failed to self-report the incident which caused the critical violation to be cited, increase the fine by \$25.

l. If a critical violation for supervision was cited due to residents or children of residents being unsupervised in a vehicle, increase the fine by \$25.

m. If a critical violation for supervision was cited due to staff not knowing the whereabouts of residents to which they are assigned, increase the fine by \$25.

F. For the third violation of one of the same aforementioned categories within a 24-month period, the provider's license may be revoked.

G. The aggregate fines assessed for violations determined in any consecutive 12-month period shall not exceed \$2,000 as prescribed by law. If a critical violation in a different category is noted by DCFS that warrants a fine and the provider has already reached the maximum allowable fine amount that could be assessed by the department in any consecutive 12-month period and the department does not revoke or not renew the license, the department may issue a formal warning letter noting the department's intent to take administrative action if further violations of the same category re-occur. The warning letter shall include a directed CAP which shall outline the necessary action and timeframe for such action that a provider shall take in order to maintain compliance with the licensing standards. The provider shall acknowledge receipt of the warning letter by submitting a written response to the CAP within 10 calendar days of receipt of the letter. Failure by the provider to submit requested information and/or failure to implement the CAP as evidenced by a repeated violation of the same category of the standards may result in revocation/non-renewal of license.

1. When a fine is imposed under these standards, the department shall notify the program director or owner by letter that a fine has been assessed due to deficiencies cited at the residential home and the right of departmental reconsideration. The notification may be sent by certified mail or hand delivered to the residential home. If the program director or owner is not present at the residential home, delivery of the written reason(s) for such action may be made to any staff of the residential home. Notice to a staff shall constitute notice to the residential home of such action and the reasons therefore. The letter shall specify the dates and the violation cited for which the fine(s) shall be imposed. Fines are due within 30 calendar days from the date of receipt of the letter unless the provider request a reconsideration of the fine assessment. The provider may request reconsideration of the assessment by asking DCFS for such reconsideration in writing within 10 calendar days from the date of receipt of the letter. A request for reconsideration shall include a copy of the letter from the Licensing Section that notes the reasons for assessment of the fine together with the specific reasons the provider believes assessment of the fine to be unwarranted and shall be mailed to Department of Children and Family Services, Licensing Section, P.O. The notification may be sent by certified mail or hand delivered to the residential home. If the program director or owner is not present at the residential home, delivery of the written decision may be made to any staff of the residential home. Notice to a staff shall constitute notice to the residential home of such action.

a. If DCFS finds that the Licensing Section's assessment of the fine is justified, the provider shall have 15 calendar days from the receipt of the reconsideration letter to appeal the decision to the Division of Administrative Law (DAL). A request for appeal shall include a copy of the letter from the Licensing Section that notes the reasons for assessment of the fine and a copy of the reconsideration decision letter together with the specific areas of the decision the appellant believes to be erroneous and/or the specific reasons the decision is believed to have been reached in error, and shall be mailed to Department of Children and Family Services, Appeals Section, P.O. c. If the provider has filed a timely appeal and the department's assessment of fines is affirmed by an administrative law judge of the DAL, the fine shall be due within 30 calendar days after mailing notice of the final ruling of the administrative law judge or, if a rehearing is requested, within 30 calendar days after the rehearing decision is rendered. The provider shall have the right to seek judicial review of any final ruling of the administrative law judge as provided in the Administrative Procedure Act. If the appeal is dismissed or withdrawn, the fines shall be due and payable within 7 calendar days of the dismissal or withdrawal. If a judicial review is denied or dismissed, either in district court or by a court of appeal, the fines shall be due and payable within 7 calendar days after the provider's suspensive appeal rights have been exhausted.

3. If the provider does not appeal within 15 calendar days of receipt of the department's reconsideration decision, the fine is due within 30 calendar days of receipt of the department's reconsideration decision and shall be mailed to Department of Children and Family Services, Licensing Section, P.O. Box 260036 Baton Rouge, LA 70826. If the provider files a timely appeal, the fines shall be due and payable on the date set forth in Subparagraph H.2.c of this Section. If the provider withdraws the appeal, the fine is payable within 7 calendar days of the withdrawal or on the original date that the fine was due, whichever is later.

4. If the provider does not pay the fine within the specified timeframe, the license shall be immediately revoked and the department shall pursue civil court action to collect the fines, together with all costs of bringing such action, including travel expenses and reasonable attorney fees.
