

Amendment #6 - October 15, 2010  
One DCFS Transformation Project - Common Access Front End (CAFÉ)

Responses to questions received as a result of Amendment #4

Reference #		Question & Answer	RFP Section	RFP Page	Paragraph or Bullet
152	Q	Regarding the 20 person limitation for orals, does this restrict a vendor to having the same group of individuals (up to 20) for all sessions or can vendors have a different mix of people for the different sessions for orals not to exceed 20 per session?	Phase 4: Oral Interviews	page 36	2nd
	A	Each vendor will be invited to a single session for orals. Twenty vendor staff can attend the session. Vendors should ensure that staff proposed as key personnel on the CAFE project attend the session.			
153	Q	Does DCFS intend to provide scenarios for the technical and programmatic demonstrations?	Phase 4: Oral Interviews	page 36	2nd
	A	DCFS will not be providing specific scenarios for the technical and programmatic demonstrations. Each vendor invited to conduct demonstrations should plan to show their approach's strengths in regard to our published requirements and objectives such as customers with multiple cases across programs and be ready to discuss how their demonstrated capabilities will be expanded and enhanced to fulfill the entire CAFE vision.			
154	Q	Can the government clarify these seemingly contradictory requirements for establishing a Project Office / Primary Project Site?	5.0 Critical Events vs. Establish a Project Office Presence	Page 88 vs. Page 253	
	A	Page 88 should read "Establishment and occupancy of a fully functioning Project Office Site shall occur within 1 month of contract effective date..."
