RFP #360PURSSRFP017
SNAP Quality Control Review**

Questions:

1. Section 3.1 indicates that it is desirable for proposers to have experience in implementing a SNAP program payment accuracy improvement strategy or equivalent program. Would similar experience in another program, such as the Medicaid program, be acceptable for this requirement?

- No, the proposer would need to have experience in SNAP regulation and full understanding of the Quality Control 310 Handbook.

2. Would individual staff member experience substitute for corporate experience to meet the requirement in Section 3.1?

- No, the contract would be between DCFS and the corporation, not with the individuals potentially providing the service.

2. In Section 5.3, a detailed discussion of the proposer's desired qualifications and recent experience with providing SNAP Quality Control Review on projects similar in size, scope and function to the proposed contract is requested. Could similar experience in another program, such as the Medicaid program, meet this requirement?

- No, the proposer would need to have experience in SNAP regulation and full understanding of the Quality Control 310 Handbook.
