GENERAL INFORMATION

The purpose of these grants is to: 1) assist in efforts to increase public awareness about, and primary and secondary prevention of, family violence, domestic violence, and dating violence; 2) assist in efforts to provide immediate shelter and supportive services for victims of family violence, domestic violence, or dating violence (Section 301 (b)(1-2) of the FVPSA, as amended by Section 201 of the Child Abuse Prevention and Treatment Act (CAPTA) Reauthorization Act of 2010, Pub.L. 111-320; and 3) assist in efforts to educate and train on the problem of statutory rape to law enforcement officials, educators, relevant counseling services and the general public.

The form must be returned to DCFS, Family Violence Prevention & Intervention Program with contract materials upon award.

DESCRIPTION

This Family Violence Prevention and Intervention solicitation for offers (SFO), administered through the Department of Children and Family Services (DCFS) is designed to assist family violence service providers in their efforts to support the establishment, maintenance, and expansion of programs and projects: 1) to prevent incidents of family violence, domestic violence, and dating violence; 2) to provide immediate shelter, supportive services, and access to community-based programs for victims of family violence, domestic violence, or dating violence, and their dependents; 3) to provide specialized services for children exposed to family violence, domestic violence, or dating violence, underserved populations, and victims who are members of racial and ethnic minority populations and 4) to provide education and training on the problem of statutory rape to law enforcement officials, educators, relevant counseling services and the general public.

DCFS is committed to facilitating healing and recovery, and promoting the social and emotional well-being of victims, children, youth, and families who have experienced domestic violence,

Ensuring the Well-Being of Vulnerable Children and Families

Children, youth, and families who have experienced maltreatment, exposure to violence, and/or trauma are impacted along several domains, each of which must be addressed in order to foster social and emotional well-being and promote healthy, positive functioning.

This funding announcement and other discretionary spending this fiscal year are designed to ensure that effective interventions are in place to build skills and capacities that contribute to the healthy, positive, and productive functioning of families.

Understanding Experiences: A fundamental aspect of the human experience is the development of a world view through which one’s experiences are understood. Whether that perspective is generally positive or negative impacts how experiences are interpreted and integrated. For example, one is more likely to approach a challenge as a surmountable, temporary obstacle if his or her frame of reference includes a sense that “things will turn out alright.” On the contrary, negative experiences can color how future experiences are understood. Ongoing exposure to family violence might lead children, youth, and adults to believe that relationships are generally hostile in nature and affect their ability to enter into and stay engaged in safe and healthy relationships. Interventions should seek to address how children, youth, and adults frame what has happened to them in the past and shape their beliefs about the future.
**Developmental Tasks:** People grow physically and psychosocially along a fairly predictable course, encountering normal challenges and establishing competencies as they pass from one developmental stage to another. However, adverse events have a marked effect on the trajectory of normal social and emotional development, delaying the growth of certain capacities, and, in many cases, accelerating the maturation of others. Intervention strategies must be attuned to the developmental impact of negative experiences and address related strengths and deficits to ensure children, youth, and families develop along a healthy trajectory.

**Coping Strategies:** The methods that children, youth, and families develop to manage challenges both large and small are learned in childhood, honed in adolescence, and practiced in adulthood. Those who have been presented with healthy stressors and opportunities to overcome them with appropriate encouragement and support are more likely to have an array of positive and productive coping strategies available to them as they go through life. For children, youth, and families who grow up in or currently live in unsafe, unpredictable environments, the coping strategies that may have been protective in that context may not be appropriate for safer, more regulated situations. Interventions should help children, youth, and families transform maladaptive coping methods into healthier and more productive strategies.

**Protective Factors:** A wealth of research has demonstrated that the presence of certain contextual factors (e.g., supportive relatives, involvement in after-school activities) and characteristics (e.g., self-esteem, relationship skills) can moderate the impacts of past and future negative experiences. These protective factors are fundamental to resilience; and building them is integral to successful intervention with children, youth, and families.

The skills and capacities in these areas support children, youth, and families as challenges, risks, and opportunities arise. In particular, each domain impacts the capacity of children, youth, and families to establish and maintain positive relationships with caring adults and supportive peers. The necessity of these relationships to social and emotional well-being and lifelong success in school, community, and at home cannot be overstated and should be central to all interventions with vulnerable children, youth, and families.

An important component of promoting social and emotional well-being includes addressing the impact of trauma, which can have a profound effect on the overall functioning of children, youth, and families. The Department of Children and Family Services promotes a trauma-informed approach, which involves understanding and responding to the symptoms of chronic interpersonal trauma and traumatic stress across the domains outlined above, as well as the behavioral and mental health sequelae of trauma.
CLIENT CONFIDENTIALITY

In order to ensure the safety of adult, youth, and child victims of family violence, domestic violence, or dating violence, and their families, DCFS-funded programs must establish and implement policies and protocols for maintaining the confidentiality of records pertaining to any individual provided domestic violence services. When providing statistical data on program activities and program services, individual identifiers of client records will not be used by the grantees or sub-grantees.

In the grantee Performance Progress Report (PPR), grantees and sub-grantees must collect unduplicated data from each program. No client level data should be shared with a third party, regardless of encryption, hashing, or other data security measures, without a written, time-limited release. The address or location of any DCFS supported shelter facility shall, except with written authorization of the person or persons responsible for the operation of such shelter, not be made public and the confidentiality of records pertaining to any individual provided domestic violence services by any DCFS supported program will be strictly maintained.

COORDINATED AND ACCESSIBLE SERVICES

It is essential that community service providers, including those serving or representing underserved communities, are involved in the design and improvement of intervention and prevention activities. Coordination and collaboration among victim services providers; community based, culturally specific, and faith based services providers; housing and homeless services providers; and Federal, State, and local public officials and agencies is needed to provide more responsive and effective services to victims of family violence, domestic violence, and dating violence, and their dependents.

To promote a more effective response to family violence, domestic violence, and dating violence, the Department of Children and Family Services requires grantees receiving funds under this grant announcement to collaborate with the family violence providers, law enforcement, faith based organizations, tribes, tribal organizations, service providers, and community based organizations to address the needs of family violence, domestic violence, and dating violence, and for those who are members of racial and ethnic minority populations and underserved populations.

To serve victims most in need and to comply with Federal law, services must be widely accessible to all. Services must not discriminate on the basis of age, disability, sex, race, color, national origin or religion. The HHS Office for Civil Rights provides guidance to grantees complying with these requirements. Please see http://www.hhs.gov/civil-rights/for-providers/provider-obligations/index.html for HHS Office of Civil Rights guidance on serving immigrant victims and for guidance on the Americans with Disabilities Act and Rehabilitation Act of 1973.

Services must also be provided on a voluntary basis. Receipt of emergency shelter or housing must not be conditioned on participation in supportive services.
DEFINITIONS

Grantees should use the following definitions in carrying out their programs:

MAXIMUM FUNDS

The estimated allocation of FVSPA, TANF and State General funds (if appropriated) is based on the Executive Budget presented to the Louisiana Legislature in the 2016-2017 fiscal year and is subject to change pending final legislative approval.

Awards will be made based on a program’s status as an “Eligible Program” and other features that characterize its services and program operations. The Department of Children and Family Services, Family Violence Prevention & Intervention Program is the final authority on determining a program’s status or characterization. In the distribution of DCFS Family Violence grant funds, the grantee should ensure that not less than 70 percent of the funds distributed are used for the primary purpose of providing immediate shelter and supportive services (Refer to Definitions on page 6) to adult and youth victims of family violence, domestic violence, or dating violence, and their dependents; not less than 25 percent of the funds will be used for the purpose of providing supportive services and prevention services.

If a contractor has a due and outstanding evaluation report or a due and outstanding audit at the time of award, the contractor shall be deemed not in good standing with the Department, meaning that a new contract will not be entered into with the contractor until such time as the outstanding report or audit is cleared.

Grant specifications, minimum, and maximums awards may be revised at the Department’s discretion as it pertains to the consideration of an individual applicant’s needs, total program funding requests, and available funding. DCFS reserves the right to negotiate the final grant amounts, component projects, and local match with all applicants to ensure judicious use of program funds.

NOTICE: NO EXPENDITURE AUTHORITY OR FUNDING OBLIGATIONS SHALL BE IMPLIED BASED ON THE INFORMATION IN THIS SOLICITATION FOR OFFERS AND THE DEPARTMENT OF CHILDREN AND FAMILY SERVICES IS UNDER NO LEGAL REQUIREMENT TO EXECUTE A CONTRACT ON THE BASIS OF THIS SOLICITATION.

GRANT PERIOD

This Solicitation For Offers is an application for one year of grant funds, (FY 2016-17). The annual grant period begins July 1 and continues through June 30.

During the term of funding, programs that receive funds agree to acknowledge the Department of Children and Family Services Family Violence Prevention & Intervention Program on all marketing
communications – including general information about the program and/or services, the Statewide Toll Free Hotline, and participating agencies’ logos or trademarks. The DCFS seal must be identified on program letterhead and should be displayed on all formal correspondence.

DATA COLLECTION AND OUTCOME MEASURES

Grantees are required to use standardized reporting mechanisms to facilitate the collection of uniform, aggregate data on DCFS and FVPSA supported program services and client outcomes. The performance report includes funding, volunteers, narrative questions, people served, demographics, residential services, related services and assistance, advocacy, awareness, community education and public awareness, and outcome data. Reports are due monthly using the DCFS standardized format. Annual reports are due November 1 of each calendar year for the federal October 1 - September 30 reporting period.

REPORTING REQUIREMENTS

Performance Reports

Grantees are required to submit an annual performance plan and report (PPR) to DCFS describing the activities carried out, and an assessment of the effectiveness of those activities in achieving the purposes of the grant. Further guidance regarding the assessment requirement is included in the PPR. A section of this performance report must be completed by each grantee or sub-grantee that provided program services and activities. Grantee PPRs will be compiled by the State into a comprehensive report for federal submission. Each grantee or sub-grantee will be provided with a copy of the required PPR for completion.

Please note that section 307(b)(4) of FVPSA requires HHS to suspend funding for an approved application if any State applicant fails to submit an annual PPR or if the funds are expended for purposes other than those set forth under FVPSA guidelines. DCFS will suspend funding to any sub-grantee that fails to submit an annual PPR or if the funds are expended for purposes other than those set forth under this announcement.

Audit Reports

For each grantee that enters into a contract with the State of Louisiana, there will be a statement in the contract regarding audit requirements expected by the contractor. At the time that this SFO is distributed, the following paragraphs are included in all Department of Children and Family Services contracts:

Contractor grants to the Agency, the State of Louisiana, through the Office of the Legislative Auditor, Office of the Inspector General, Federal Government and/or any other officially designated authorized representative of the Agency the right to audit, inspect and review all books and records pertaining to services rendered under this contract and the right to conduct on-site monitoring.

Social Service Contractor also agrees to comply with federal and/or state regulations and laws requiring an audit based on one or more of the following criteria:
(1) Any sub-recipient contractor who expends $750,000 or more in federal funds from all sources is required to have performed a single audit for that year under the provisions of OMB Circular A-133, Revised June 26, 2007, and Audits of States, Local Governments, and Non-Profit Organizations. Single audits shall be conducted in accordance with generally accepted government auditing standards (GAGAS) issued by the Comptroller General of the United States. The only exceptions to an annual audit are those exceptions indicated in Subpart B—Audits of OMB Circular A-133.

(2) Any sub-recipient contractor who expends less than $750,000 in federal funds from all sources and who is subject to the provisions of Louisiana Revised Statute 24:513 (State Audit Law), shall follow the guidance offered in the Louisiana Governmental Audit Guide (as Revised). Those who are subject to the provisions of Louisiana Revised Statute 24:513 include governmental, public or quasi-public agencies or bodies as defined by the Statute.

(3) Any sub-recipient contractor who expends less than $750,000 in federal funds from all sources and is not subject to the provisions of Louisiana Revised Statute 24:513 (State Audit Law), then no audit is required.

(4) Any sub-recipient contractor who is a nongovernmental provider and receives $100,000 or more per year of state funds via one or more cost reimbursement contracts, shall submit to the Agency source documentation (evidenced by invoices, cancelled checks, certified payroll sheets, etc.) to justify each payment request. Agency may, at its discretion, request that a contract compliance audit utilizing internal auditors, certified public accountants or the Legislative Auditor’s office be performed. These provisions are cited at Louisiana Administrative Code Title 34: V: 134.

Contractor sub-recipient is required to obtain approval of its engagement letter from the Legislative Auditor’s office. This engagement letter approval process should begin at least ninety (90) days prior to the end of the Contractor’s fiscal year. Contractor sub-recipient shall inform the Agency thirty (30) days prior to the close of their fiscal year by way of written notification of the type of engagement (single audit, program audit, compilation/attestation, etc.), the fiscal year end of the engagement and the projected total of federal and/or state fund expenditures. If the cost of the audit is to be recovered through this contract, a budget showing that portion of the audit cost allocated to each federal and/or state funded program, contract or grant should be attached. Sub-recipient contractor should be aware that there may be limitations on audit costs charged to certain federal and/or state programs based on total funding and other considerations.

If a contractor or subcontractor is in noncompliance with the applicable regulatory authority (i.e. RS 24:513, Circular A133, CFR etc.) at the time of award, the contractor shall be deemed not in good standing with the Department, and therefore DCFS will not enter into a new contract at that time.

MATCH REQUIREMENT

Grantees shall be required to secure matching funds of twenty percent (20%) of the grantee’s contract amount. Such matching funds may be in the form of cash, certified expenditures, or in-kind contributions. Matching funds must be derived from unduplicated sources other than the program or other federal funding and be provided after the date of the grant award to the recipient. Funds used to match a previous DCFS, federal or other grant award may not be used to match a subsequent grant.
Match details must be included in the final grant budget. Grantees will be required to submit a letter to DCFS indicating that the grantee confirms the match requirement.

Effective October 1, 2011 HHS required all entities that plan to apply for, and ultimately receive, Federal grant funds from any HHS Agency, or receive sub-awards directly from recipients of those grant funds to:

• Be registered in the CCR prior to submitting an application of plan;

• Maintain an active CCR registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and

**ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS**

Awards issued under this announcement are subject to the uniform administrative requirements and cost principles of 45 C.F.R. Part 74 (Awards And Sub awards To Institutions Of Higher Education, Hospitals, Other Nonprofit Organizations, And Commercial Organizations) or 45 C.F.R. Part 92 (Grants And Cooperative Agreements To State, Local, And Tribal Governments). The Code of Federal Regulations (C.F.R.) is available at [http://www.gpo.gov](http://www.gpo.gov). An application funded with the release of Federal funds through a grant award, does not constitute, or imply, compliance with Federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable Federal regulations.

**Equal Treatment for Faith-Based Organizations**

Grantees are also subject to the requirements of 45 C.F.R. Part 87.1(c), Equal Treatment for Faith-Based Organizations, which says, "Organizations that receive direct financial assistance from the [Health and Human Services] Department under any Department program may not engage in inherently religious activities such as religious instruction, worship, or proselytization as part of the programs or services funded with direct financial assistance from the Department." Therefore, organizations must take steps to completely separate the presentation of any program with religious content from the presentation of the federally funded program by time or location *in such a way that it is clear that the two programs are separate and distinct*. If separating the two programs by time but presenting them in the same location, one program must *completely* end before the other program begins. A faith-based organization receiving HHS funds retains its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. For example, a faith-based organization may use space in its facilities to provide secular programs or services funded with federal funds without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization that receives federal funds retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents in accordance with all program requirements, statutes, and other applicable requirements governing the conduct of HHS funded activities. Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which includes the prohibition against federal funding of inherently religious activities, Understanding the Regulations Related to the Faith-Based and Neighborhood Partnerships Initiative" are available at [http://www.hhs.gov/partnerships/about/regulations/](http://www.hhs.gov/partnerships/about/regulations/). Additional information, resources, and tools for

**Requirements for Drug-Free Workplace** The Drug-Free Workplace Act of 1988 (41 U.S.C. § 701 et seq.) requires that all organizations receiving grants from any Federal agency agree to maintain a drug-free workplace. By signing the application, the Authorizing Official agrees that the grantee will provide a drug-free workplace and will comply with the requirement to notify ACF if an employee is convicted of violating a criminal drug statute. Failure to comply with these requirements may be cause for debarment. Government wide requirements for Drug-Free Workplace for Financial Assistance are found in 2 CFR Part 182; HHS implementing regulations are set forth in 2 CFR Part 382.400. All recipients of ACF grant funds must comply with the requirements in Subpart B - Requirements for Recipients Other Than Individuals, 2 CFR Part 382.225.

**Debarment and Suspension** HHS regulations published in 2 CFR Part 376 implement the government-wide debarment and suspension system guidance (2 CFR Part 180) for HHS' non-procurement programs and activities. "Non-procurement transactions" include, among other things, grants, cooperative agreements, scholarships, fellowships, and loans. ACF implements the HHS Debarment and Suspension regulations as a term and condition of award. Grantees may decide the method and frequency by which this determination is made and may check the Excluded Parties List System (EPLS) located at https://www.epls.gov, although checking the EPLS is not required. More information is available at http://www.acf.hhs.gov/grants/grants_resources.html.

**Pro-Children Act** The Pro-Children Act of 2001, 42 U.S.C. 7181 through 7184, imposes restrictions on smoking in facilities where federally funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with Federal funds. The statute does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.

The undersigned grantee certifies that:

(1) Grant funds under the Family Violence Prevention Services Act (FVPSA) will be distributed to local public agencies or nonprofit private organizations (including faith-based and charitable organizations, community-based organizations, and voluntary associations) that assist victims of family violence, domestic violence, or dating violence (as defined in Section 10402(2-4), and their dependents, and have a documented history of effective work concerning family violence, domestic violence, or dating violence (Section 10408(c)).

(8) The State will consult with and provide for the participation of the State Domestic Violence Coalition in the planning and monitoring of the distribution of grant funds and the administration of the grant programs and projects (Section 10407(a)(2)(D)).

(9) Grant funds made available under this program by the State will not be used as direct payment to any victim of family violence, domestic violence, or dating violence, or to any dependent of such victim (Section 10408(d)(1)).
10) No income eligibility standard will be imposed on individuals with respect to eligibility for assistance or services supported with funds appropriated to carry out the FVPSA (Section 10406(c)(3)).

11) No fees will be levied for assistance or services provided with funds appropriated to carry out the FVPSA (Section 10406(c)(3)).

CERTIFICATION REGARDING LOBBYING

Title 31, United States Code, Section 1352, entitled “Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions,” generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non-appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING $100,000 in total costs (45 CFR Part 93).

The undersigned (authorized official signing for the applicant organization) certifies to the best of his or her knowledge and belief, that:

(a) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(b) If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure of Lobbying Activities,” in accordance with its instructions.

(c) The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.
