WWAV is celebrating 25 years honoring our foremothers and paving the way toward the future. Join us for an evening commemorating a quarter century of service and advocacy for the health and well-being of women and their families across New Orleans.

Featuring an array of performances from female musicians across the city! Plus dinner, speakers, and a special tribute to WWAV's founding mothers!

Women With A Vision was founded in 1989 by a grassroots

collective of African-American women in response to the spread of HIV/AIDS in communities of color. Today we work to improve the lives of marginalized women, their families, and communities by addressing the social conditions that hinder their health and well-being.
